LANGUAGES

Catalan & Spanish: Native proficiency
English: B2 – First Certificate

STACK

Frontend

TypeScript, **React**, HTML5, CSS

Backend

Node.js, **Express**, **MongoDB**, Mongoose

Testing

Jest, Vitest, **Testing Library**, Cypress

Data Visualization:

Chart.js

Methodologies & Best Practices

Scrum, Kanban, XP, Code reviews, **Pair programming**, **CI/CD**, Clean Code, **SOLID** principles, **Refactoring**

Accessibility & UX

Web Accessibility (**a11y**), **User-Centered** Design, **Intuitive** and Functional User Experience

Tools & Workflow

Git, GitHub, GitHub Actions

SOFT SKILLS

Team-based problem solving

Collaborative decision-making

Effective communication in technical settings

Project organization and leadership

ALEX URIBE CRESPO

Full-Stack Developer

Full-Stack Web Developer with a background in architecture and a sharp visual mind. I build **clean**, **accessible**, and scalable applications using the **MERN stack**. Passionate about code quality, **testing**, and **user-centered design**. I bridge the gap between form and function.

PROFESSIONAL EXPERIENCE

Full-Stack Developer – The Refactor Project

Feb 2025 – Jun 2025

- Developed web applications using agile methodologies (Scrum, XP, Kanban).
- Applied SOLID principles, Clean Code practices, and progressive refactoring.
- Implemented automated testing with Vitest, Jest, Testing Library, and Cypress.
- Created data visualizations using Chart.js.
- Integrated web accessibility best practices (a11y) to ensure an inclusive and user-friendly experience.
- Collaborated in CI/CD workflows using Git and daily code reviews.

Freelance 3D Visualizer – Self-employed

May 2023 – Jun 2024

- Produced 3D architectural visualizations for studios and private clients.
- Managed full project pipeline: modeling, art direction, and delivery.
- Direct communication with studios and aesthetic consulting.

Junior Architect – Bantulà Arquitectes & Propia Studio

Sep 2020 – Aug 2022

- Technical design, documentation, and energy certificates for building rehabilitation projects.
- Managed the studio's social media and visual communication.
- 3D architectural modeling and rendering.

Architecture Intern – Gualart Architects

Jan 2020 – Apr 2020

- Participated in an international competition in China (winning project).

EDUCACIÓN

The Refactor Project — Feb - May 2025

Full-Stack Web Development

MarqETSAV — 2022 – 2023

Master's Degree in Architecture (habilitating) – ETSAB (UPC).

GArqETSAB — 2015 – 2021

Bachelor's Degree in Architecture Studies – ETSAB (UPC).

CIC Escola Batxillerats — 2013 – 2015

Technological Baccalaureate, Architecture-oriented – ICCIC.
